Mr. Robert Pledger
Anderson Community Development Corporation
401 South Main Street
Anderson, South Carolina 29624

Dear Mr. Pledger:

The United States Environmental Protection Agency recently announced that the South Carolina Department of Health and Environmental Control would receive a \$200,000 grant to inventory and assess petroleum brownfield sites in the City of Anderson. The letter of support your organization provided for the grant application was an important component in putting together a successful proposal. Thank you for your help.

I will be contacting you in the near future to request your assistance in developing a list of potential sites to include in the project. The site selection process will complement the City's long-range development plan and also incorporate those areas or specific sites identified during community outreach meetings.

Please contact me if you have any questions or comments at (803) 896-6848 or via e-mail at berenbmk@dhec.sc.gov.

Sincerely,

Mark Berenbrok, Petroleum Brownfields Coordinator
